THE WARNING: TESTIMONIES AND PROPHECIES OF THE ILLUMINATION OF CONSCIENCE

New book by Christine Watkins, Queen of Peace Media, \$17.95 softcover, September 28, 2019

This captivating book offers the world the most thorough understanding to date of “the Warning,” or “the Illumination of Conscience”—a critical moment in human history when every person alive will see their soul in the light of divine truth—including fascinating stories of those who have already experienced it for themselves.

Bishop Gavin Ashenden, Chaplain to the Queen of England (2008-2017), comments in his foreword, “Every so often a book falls into one’s hands that is particularly powerful in unveiling the mystery and power of God’s purpose for his Church today, and this is one such.” At a time in our country and our world when many perceive and worry over humanity’s moral and spiritual decline, saints and mystics from the 16th century through the present day assure us that God has planned a coming Day of Mercy in order to correct the conscience of the world.

“Christine Watkins has done a tremendous work...invaluable and timely” says Mark Mallet. Bishop Gavin Ashenden wrote, “I devoured it, unable to put it down.”...“Inspirational...I highly recommend it,” says Fr. John Struzzo. “The most thorough understanding of The Warning that I have ever read.” Monsignor Ralph J. Chieffo urges, “Read this prophetic book and believe,” Dr. Mark Miravalle, one of the world’s preeminent Marian theologians, writes, “*The Warning* should be widely read and discerned seriously with an open mind.”

The prophecies of the Warning, effectively gathered and presented in the book, have come through many saints and mystics of different ages, times, and places, including St. Pope Pius IX, St. Pope Paul VI, St. Faustina Kowalska, Blessed Anna Maria Taigi, and Servant of God, Maria Esperanza. Some of these spiritual luminaries are still alive, such as exorcist, mystic, and Superior General, Fr. Michel Rodrigue; the stigmatists and mystics, Janie Garza and Luz de María de Bonilla; and founder of the Dynamic Catholic Institute, Matthew Kelly.

Not only does *The Warning* substantiate an event of monumental importance, which appears to be on the horizon of time, but also carries the reader through compelling testimonies of those who have already experienced it personally and against their will. The book culminates in the spell-binding story of Marino Restrepo, hailed as a St. Paul for our century. Formerly a well-to-do Hollywood music producer who sank into serious sin and the New Age movement, he endured a torturous kidnapping by Colombian guerilla rebels for over half a year, during which he experienced an illumination of conscience. In addition, he received a unique gift of infused knowledge of divine matters, which he has been sharing with the world since 1999 in his world-wide, bishop-approved apostolate. And his is only one of the stories. . .
