IT IS TIME TO CONSECRATE ALL PARISHES AND PARISHIONERS TO THE BLESSED MOTHER

"I am grateful to Christine Watkins for making this disarmingly simple practice, which first grew in the fertile soil of Mexican piety, available to the English-speaking world."

—Archbishop Salvatore Cordileone

Mary's Mantle is an extraordinarily powerful 46-day consecration because it incorporates tried and true spiritual practices, which people and pastors report are leading to deep conversions. It is about changing the human person to be more like God. The pastor need only assign a person in charge, make announcements, choose an intention he would like prayed for every day, and then enjoy the gratitude of his parishioners and answered prayers. This special consecration retreat incorporates the following during a period of 46 days:

- ◆ a 2-minute meditation on a virtue or gift
- ◆ a daily Rosary
- ◆ a day of fasting
- ◆ weekly talks available on DVD or YouTube
- ◆ optional discussion questions follow the videos
- ◆ Reconciliation and a final consecration to Mary

The Mary's Mantle consecration retreat is self-guided. A parish need only say yes and assign a person to send out daily e-mails, reminding participants of the beautiful daily reading, an intention the pastor desires everyone to pray for each day, and the person(s) assigned to fast on that day. The highly acclaimed weekly video talks by Deacon David Leatherby and author, Christine Watkins, can be viewed individually at home or together as a parish community.

Parishioners have found that praying for one another in this way has yielded graces beyond expectations. Loved ones have returned to Church, marriages have been healed, faith and hope have been restored.
